Good morning Councillor. I've asked Kim Ayotte and Ottawa Police to review and consider your requests and you will be provided responses today. I've asked Rick O'Connor to review and respond to your request to change the Committee and/or Council schedule. I have copied the staff who will be engaged in reviewing your requests.

Subject: URGENT- Jersey Barriers and Cordon off and Council Schedule

Can I ask why it is not possible to cordon off small residential streets with large barriers so that trucks can't get through but cars can in the residential areas of centretown near the Hill?

Why hasn't a protest area on Wellington and the Hill been cordoned off completely with barriers?

Are we ticketing and towing any convoy vehicles on the periphery?

When can the RCMP take over management so that we don't allow the free flow of gas cans into and out of the site? Police don't seem to be doing their basic jobs on elements such as this. But they are fist bumping the far right wing and taking selfies with them.

Where are the trucks coming from that are circulating the residential areas and terrorizing people with debilitating noise (we just received letters from people with disabilities greatly affected). We should be able to easily track this.

I have asked that meetings and the agenda be reviewed, we are inundated with messages from residents, when are you going to change the schedule?

These actions should be taken before the weekend to avoid the worst of this. Allowing this group to continue lawless IS NOT SAFE. Quite the contrary!

Shawn
